

# Cascina Cuccagna

**The urban oasis for your event**

# Who are we?

A late 17th-century farmhouse,  
*restored and reopened* to the public in *2012*.

Today it is a center for *culture and community engagement*,  
promoting innovative ideas,  
sustainable services, and cultural projects.

An *agricultural outpost* in the heart of Milan, reviving the  
relationship between city and countryside. *A green oasis  
amid the urban landscape*.

A project by Associazione Consorzio Cantiere Cuccagna  
(ACCC), founded with the goal of *giving the historic site back  
to the city* through a process of restoration, culture, and  
social connection.

# Corporate events

Cascina Cuccagna is a **unique and versatile venue** for all types of events, a place where history, nature, and innovation come together to create unforgettable experiences rooted in sustainability.

The indoor spaces and courtyards of Cascina Cuccagna provide the ideal setting for hosting:

- Corporate events and celebrations
- Team-building activities
- Workshops and training courses
- Press days
- Photo shoots and filming
- Meetings and conferences
- Exhibitions
- Conventions and seminars

# Cuccagna experience:

*Thanks to the partnerships within the Cuccagna ecosystem, it is possible to organize a wide range of customizable workshops, labs and teambuilding activities.*

*For example:*

- **Ceramics and ceramic painting workshops**
- **Creative and nature-based workshops, such as Kokedama, bird house making and recycled paper creation**
- **Silk-screen printing workshops**
- **Sustainability workshops, such as the creation of cosmetics or circular economy labs**
- **Team-building activities to reconnect, create authentic connections among colleagues, strengthen relationships, and encourage teamwork**
- **Beekeeping, including awareness and hands-on experimental activities**

# Cuccagna experience:

*In addition, Cascina Cuccagna also organizes corporate volunteering and civic engagement activities.*

*For example:*

- **Social Knitting** – *solidarity knitting projects*
- **Educational Garden** – *allowing teams to slow down and reconnect with the Earth*
- **Together for Those in Need** – *supporting the Food Aid Hub*
- **Clean Up with Plastic Free** – *for a cleaner neighborhood*
- **Small Waste, Big Impact** – *focused on collecting cigarette butts*

# Partnership and CSR:

*Cascina Cuccagna is a living project, an example of participatory urban regeneration, an open laboratory where good practices are tested every day, and where the **city of the future** is imagined and built—step by step: more sustainable, inclusive, green, local, and human-centered.*

*Choose to be an active part of this change.*

*Become a partner in our **cultural welfare** project by supporting one of the project's strands, focusing on Corporate Social Responsibility (CSR).*

*Together, we can **generate value for the community, the environment, and the territory.***

# Partnership and CSR:

## Why partner with us?

*Your contribution is not only a direct support to the well-being of the community and the environment, but also an opportunity for your organization to grow and benefit from tangible advantages:*

- *Positive impact on corporate image*
- *Strengthened relationships with the local community and institutions*
- *Recognition of commitment by employees*
- *A more meaningful and comprehensive sustainability report*

**Choosing CSR means creating shared value, today and for the future.**

## How you can get involved

*You can:*

- *Support educational and awareness projects on the environment, sustainability, and conscious food choices*
- *Back social inclusion initiatives that provide concrete opportunities for vulnerable people, helping their integration into the workforce*
- *Co-design themed cultural events*
- *Donate goods or services for green and outdoor spaces*
- *Participate in corporate volunteer days*
- *Organize team-building days for your employees, involving them in Cascina's social and environmental responsibility activities*
